

**ASK NATIONAL UNITY
IN AID OF MOTHERS**

All States Urged to Co-operate
With the Federal Government
to Reduce Child Mortality.

Co-operation by all States with the
Federal Government through the enact-
ment of laws protecting maternity, espe-
cially among working women, was urged
to-day by speakers at the closing session
of the American Association for Labor
Legislation's fourteenth annual meet-

ing. Free medical care, restriction of
employment and cash benefits to offset
loss of earnings were declared the press-
ing need to overcome an increasing
mortality rate for both mothers and
infants.

Dr. Richard Bolt, General Director of
the American Child Hygiene Association,
stated that "more women between fifteen
and forty-five years of age lose their
lives from conditions connected with
childbirth than from any other cause
save tuberculosis."

Other speakers were Miss Mary Board,
B. Loring Young, Irene Osgood Andrews
and Miss Lillian D. Wald, who presided.

**156 CASES OF WINE
IN THEATRE'S VAULT**

Dry Agent Seizes the Lot as the
Audience Is Enjoying
a Performance.

(Special to The Evening World.)
BUFFALO, N. Y., Dec. 30.—Cham-
pagne, Rhine wine and vermouth, val-
ued at \$50,000, found in the basement
of the Academy Theatre Building, in
the heart of the downtown theatrical
district, was taken out of the basement

while a performance was going on in
the theatre.
The manager of the theatre denied
knowledge of the storage of liquor in
the building. The 156 cases of wine
seized were stored in a vault.
Dry Enforcement Agent Waters got
his tip of the presence of the liquor
here through the efforts of an owner to
sell it in one lot.

Printer a Suicide by Gas.
Samuel Klein, thirty-three, a printer,
was found dead with a gas tube in his
mouth in the bathroom of his home, No.
208 Dean Street, Brooklyn, to-day. His
widow told the police he had suffered
from a nervous disorder for three years
and often talked of suicide.
